<p>Teachers Comment</p> <p>It's my pleasure and honor to give my comments about the king of econometrics. The way he taught us it's really appreciable. Very will</p> <p>In my opinion no other teacher can better teach this subject to us except sir zeehan... He has a clear and complete knowledge about the subject A well mannered, well dressed and fair in teaching and evaluation of students... Sir Zeehan is one of the best teacher i have met. He truly increased my understanding of Econometrics. He practically proved various theories/theorems which enhanced my understanding of the subject of econometrics</p>	<p>Course Comment</p> <p>The course was somehow not completed as our classes was started late and the final exam was going to conduct as per the schedule.</p> <p>The course is neither over loaded on us, neither it is less sudfcient... From basics to modern it covers all the topics to be studied in this MS level</p> <p>Course contents are uptodate. It increased our knowledge</p>

Teachers Comment

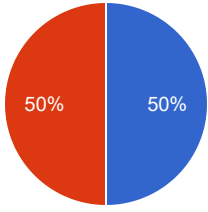

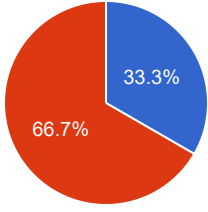

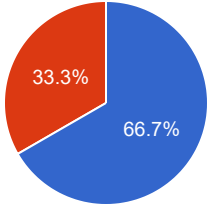

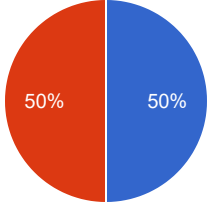

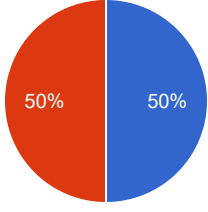

Yes, indeed Chisti sb have extensive experience but in my opinion this doesn't mean to dominate students in the way that they are unable to ask a question because everyone in the class was scared that he will be degraded. He didn't create the learning environment at all. It was very stressed atmosphere from the beginning till the end.
 Nice teacher very will
 In the very beginning it was difficult to understand and match his level but with the passage of time now it's really easy to pick what he actually wants to convey and it makes it more easy when sir gives daily life examples and associate it with the topic. So overall satisfied with teaching style of sir chishti.
 Although the concerned teacher is very rude but he has good command over his subject. I am very very thankful for being part of his class and he has taught me those topics which is seldom teach in any other university at such an early stage/early semester of M.phil Level.

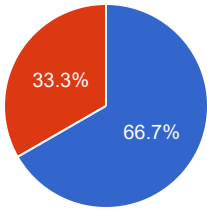

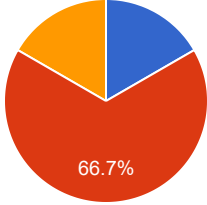

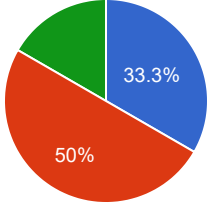

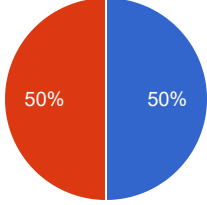

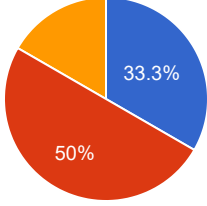

Course Comment

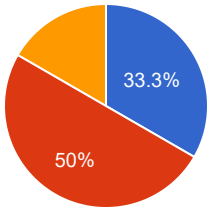

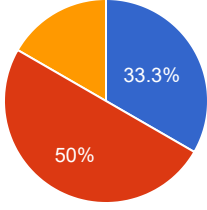

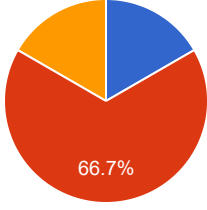

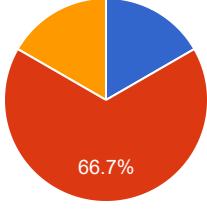

The course contents and materials were good by which we are able to understand the topic.
 very good
 Good for me
 Overall the course is up to date and up to the mark but 30% of it's emphasize is on HRM... Which sometimes occur a problem for other program's students
 Course contents are outstanding and enhanced my understanding of research methodology. The used of practical works by Respected teachers gave command over the subject

Teachers Comment

We really enjoyed the classes as the platform was given to easily debate discuss and critically analyzed the topic in the recent context.
very good
The best quality of Jalal SB is that he gives daily life examples and general discussions in the class The course is covered by him so smoothly and without making us feel like a burden of this course on us, he gave us presentation and assignments which really keep us in touch with the sbj
Very nice teacher and very polite.very kind to the students

Course Comment

The course was well planned and equipped with basics of Micro Economics. very good
Very will contents
Basic topics, basic ideas are beautifully covered and the issues and confusions are also cleared
Course contents are goods but need practical applications of microeconomics theories/rules and also mathematical touch is necessary
